**CAREERS IN THE
PROPANE INDUSTRY**

YOU'RE LOOKING FOR A CAREER THAT WILL TAKE YOU PLACES. PROPANE CAN DO THAT.

Good people, competitive pay, and a career that makes a difference. This is what you can expect when you start your new career in the propane industry. Propane is about so much more than just backyard grilling. Propane is powering homes. It's helping businesses, farms, and fleets of vehicles operate more efficiently. Propane lets people live and work where they want and how they want. That's why the demand for this clean, abundant, American fuel is growing, and so are the number of career openings in the industry. You'll find positions for drivers, technicians, and customer service representatives, as well as positions in safety and training, logistics, plant operations, and management. Discover your place on our team at [CareersInPropane.com](https://careersinpropane.com).

▶ BE PART OF A TEAM

You're not alone when you join the propane industry. You'll be joining a team of experts, who will be there to give you the experience and mentorship you need to succeed.

▶ GROW PROFESSIONALLY

You'll receive online education plus on-the-job training, and enjoy the benefits of working with advanced technology. You'll also get instruction in safety and the basics of working with propane, plus you can learn about anything from working with high-tech propane-powered vehicles to installing full residential systems, or even community propane systems.

▶ ADVANCE YOUR CAREER

With propane in use across the country, in cities and in rural areas, you can put your skills to work anywhere you choose to live. With openings at all levels, everyone with a get-it-done attitude has the opportunity to advance.

▶ STRENGTHEN YOUR COMMUNITY

Working in the propane industry, you're keeping families warm, farms growing, and helping businesses run smoothly. You're making a positive impact on your community while keeping a strong work/life balance.

▶ PROTECT THE ENVIRONMENT

Propane is not only a safe fuel, it's an approved clean fuel listed in the 1990 Clean Air act. Working in the propane industry, you'll be helping to lower greenhouse gas emissions and leaving a positive impact on the environment.

SERVICE TECHNICIANS

If you want a hands-on, high-tech position, this is the job for you. You'll do everything from setting tanks and running lines to installing and fine-tuning propane appliances. And when problems arise, you'll be the one restoring the heat or hot water to a grateful client. On a day-to-day basis, you'll work with a range of people from home and business owners to plumbers and construction professionals.

"I LIKE BEING ABLE TO ACTUALLY HELP SOMEBODY EVERY DAY, AND MAKE SURE THAT THEY'RE SAFE, THAT THEIR EQUIPMENT IS RUNNING RIGHT."

VAN BARLOW, ROCHESTER, NH

A JOB WELL DONE

SERVICE TECHNICIANS BUILD ON THEIR OWN TECHNICAL SKILLS WITH CERTIFIED TRAINING WHEN SOLVING ISSUES LARGE AND SMALL.
