Operational Services Branch  
15075 S. Golden Road  
Golden, CO 80401

January 31<sup>st</sup>, 2023

Concerning exemptions regarding Hours of Service for fuel transporters:

In conjunction with surrounding states, the Colorado State Patrol is approving an extension of an existing temporary exemption from 8CCR 1507-1 MCS 6, Part 395.3, Hours of Service for transport haulers of consumer heating fuels, propane, natural gas, gasoline, diesel, and aviation fuels. This includes commercial transporters of non-blended ethanol products intended for use in the production of gasoline products.

The Colorado State Patrol recognizes the importance of timely and consistent heating and transportation fuel deliveries in Colorado for Public Safety Functions as well as consumer needs.

Pursuant to 8CCR 1507-1 MCS 2.2, the Colorado State Patrol approves the exemption under the guidelines below:

1. The exemption shall expire on March 2<sup>nd</sup>, 2023.
2. The exemption shall only apply to commercial transporters who are hauling heating fuels, propane, natural gas, gasoline, diesel, aviation fuels, and non-blended ethanol for gasoline production.
3. Drivers shall continue to track hours of service throughout the exemption period.

All other applicable state and federal regulations shall apply to include but not limited to: Title 49 C.F.R. Part 382, Controlled Substances and Alcohol Use and Testing; Part 392.3 (ill and fatigued drivers) carriers will be responsible for monitoring its drivers for fatigue.

Should it become apparent that a driver's ability or alertness is impaired, or is likely to become impaired by fatigue or illness; the driver must not be allowed to drive. In addition, an ill or fatigued driver shall not operate a commercial motor vehicle.

Sincerely,

*Major J.P. Burt*
